Subject: drug receipts

I just want to remind everyone that as of July 5th 2012 chemists should find a copy of the drug receipt with each case that they are assigned. For any sample prior to that date chemists will have to request a copy of the receipt through Janice. Please just check the date on the envelope before automatically putting in a request...the traffickings and most recent expedited samples/resubmittals should already have a copy of the drug receipt. Thank you! If you have any questions let me know.

ELO
